January 18, 2008

To Whom It May Concern:

The La Union Soil and Water Conservation District's Board of Directors met on January 8, 2008 and voted unanimously to rescind their support for the 2006 resolution developed by The New Mexico Wilderness Alliance. The District hereby requests that NMWA remove La Union SWCD's name from your list of supporters.

The La Union SWCD board members unanimously voted to support "People for Preserving Our Western Heritage" and their Dona Ana County Planned Growth, Open Space, and Rangeland Preservation Act of 2008.

The minutes of this meeting documenting these actions are available for review.

Sincerely,

*Frances Campbell*
